

My Ode to Rainbow

By: Zoey Shade

**Rainbow is full of fun things to play,
Fun things to do
Fun things to say.**

**There's game cube, there's art crafts, and
kickball.**

**There's bikes, there's balls, and that's not all!
There are so many things that make Rainbow
special!!**

**I'm in 7th grade so I am leaving this year,
There is no way I'll forget the fun times I
had here.**

**I sang, I danced, I jumped, I pranced.
I Learned to tie my shoes, how to ride a bike,
and how to hike.**

**I Love Rainbow and I'll never forget it!!
No matter how fast the days go...**
