SUMMER CAMP HIGHLIGHTS

Mindfulness exercises promote attention, focus and compassion. It helps children learn valuable self-regulation skills, as well as reduce feelings of stress and improves anxiety. By starting our week with these specialized self-care exercises, we're teaching our children important skills to support them not only during their time at Rainbow, but also in everyday life. Mindfulness is a powerful tool to help our children blossom emotionally, socially, and academically.

{ WEEKLY SPECIALIZED CLASSES }

- > Included at no additional cost
- > Integrated into the daily program
- > Developmentally appropriate for all ages

Each week, children are immersed in two one-hour sessions of specialized instruction everyday (excluding excursion days). With a variety of wide-ranging topics, we create unique opportunities to learn new skills or improve upon current capabilities.

KICKSTART TO KINDER

Let's start Kindergarten right! Children will go through our Kinder preparedness program developed by credentialed teachers. They will practice all of the necessary skills required for success in the classroom. We focus on their cognitive, motor, communication, and self-help skills throughout the summer through a variety of engaging activities. Most importantly, we address the importance of their social-emotional well-being and how that translates into their school life. This is included at no additional cost and integrated directly into the daily camp program.

10 WEEKS OF FUN!

Full Day Program:
7am - 6pm

Half Day Program:
9am - 2pm

Each week offers a new class* & exciting activities

*Between the hours of 9am - 2pm, your child will be immersed in two, hour-long enrichment classes of various subjects throughout the summer. Classes will not occur on Excursion Days & will be provided at least three times a week. Your child's attendance is important to get the best experience since many classes will build off of skills they learned the day prior. Important Note About Excursion Days:

If you are attending the half-day program, (9am - 2pm), hours may be extended slightly on Excursion Days. Some excursions may be located off-site & travel by bus may be required. Rainbow Rising takes pride in **FRIENDSHIP CONNECTION**

This is our 35th summer of providing an active, safe, & enriching day camp program in the City of Irvine. We are successful because we focus on the key elements of children's self-esteem, pride in oneself, & making & being good friends.

This summer we will be helping children expand personal self-esteem & pride in who they are, where they come from & what they're about. Pride in country, family, & personal values gives a child internal strength to support their sense of self-worth. We help children develop skills in socialization, cooperation, team play, & individual achievement.

We achieve an effective program by combining experienced & trained staff with a well-planned weekly schedule. Your child will have the same counselors throughout the summer & each week we provide various curriculum activities. Each week will offer an engaging specialized class to encourage growth in critical thinking & problem solving. These classes are meant to create meaningful learning connections in an exciting & rewarding way.

Rainbow Rising has been recognized as a leader in quality school-age care. We are proud of the program we provide & look forward to helping your child share in this pride. We hope your child will join us for a fun, friend-filled summer!
