Rainbow Rising takes pride in **FRIENDSHIP CONNECTION**

This is our 36th summer of providing an active, safe, & enriching day camp program in the City of Irvine. We are successful because we focus on the key elements of children's self-esteem, pride in oneself, & making & being good friends.

This summer we will be helping children expand personal self-esteem & pride in who they are, where they come from & what they're about. Pride in country, family, & personal values gives a child internal strength to support their sense of self-worth. We help children develop skills in socialization, cooperation, team play, & individual achievement.

We achieve an effective program by combining experienced & trained staff with a well-planned weekly schedule. Your child will have the same counselors throughout the summer & each week we provide various curriculum activities. Each week will offer engaging themes to encourage growth in critical thinking & problem solving. These themes are meant to create meaningful learning connections in an exciting & rewarding way.

Rainbow Rising has been recognized as a leader in quality school-age care. We are proud of the program we provide & look forward to helping your child share in this pride. We hope your child will join us for a fun, friend-filled summer!
